ANY ADDITIONAL INFORMATION THE CANDIDATE WOULD LIKE TO GIVE:
Having grown up in a disadvantaged, abusive family structure, I take much pride to be the only family member to ever get a college education! I had a very successful college baseball career and made All Conference. I was able to advance to the challenger series level in tennis and I have visited around 20 different countries! I speak good Spanish, I studied Russian in college and have been involved with missions work abroad. I believe that more Americans should travel abroad to lesser developed countries and learn to appreciate how good we have life here in the U.S. Thanks for your time!
