Alternative Fuel Vehicle Parking Permit
Permit Application

Please Note: This program does not apply to hybrid vehicles such as the Toyota Pruis, Ford Fusion, Smart Car, etc. Unless your electric vehicle can be recharged by plugging it into a charger, it does not qualify for this program.

In accordance with Nevada State Law, the City of Las Vegas has established a parking permit program for alternative fuel vehicles. The city will issue permits to qualifying vehicles allowing them to park for free at parking facilities it operates, including on-street parking meters.

There are limitations to the use of this permit and penalties associated with its misuse. You are required to certify that you have read and understood the terms of this program and to declare under penalty of perjury that you certify the accuracy of the information you have provided, as well as any documentation you have provided the documentation required to prove the vehicle's eligibility.

Any certified vehicle bearing a permit may park without paying a fee at any city-enforced parking facility free of charge (including on-street parking meters).

Permits are issued to the vehicle and are only valid while displayed on this vehicle.

This permit does **not** allow the vehicle to:

Exceed the posted time limit for that space
Park illegally in any way
Park in a posted permit space, loading zone, reserved parking space, etc
Park for free during posted special events

The annual cost for this permit is $10, payable at the time of application.

The applicant must be the registered owner or lessee of the vehicle.

The permit is good for one year only; the vehicle must be recertified each year and a new permit must be applied for.

Any misuse of this permit, including but not limited to alteration, display on a non-qualifying vehicle, duplication, etc. may result in either a $500 fine or a misdemeanor offense issued/charged to the registered owner or lessee of the vehicle.

Once you have filled out this form and obtained any required documentation, please:

1) Bring all paperwork to the parking citations and hearings office on the 6th Floor of City Hall. The address is 400 Stewart Avenue, Las Vegas, NV 89101.
2) You must also bring the vehicle you are seeking a permit for.

3) Our parking staff will need to visually inspect the vehicle in order to authorize issuance of the permit; we will make every effort to ensure this is done during your initial visit.
4) Once the issuance of the permit is authorized, you will be able to pay the $10 permit fee and receive your permit.

If you have any questions about this program, please contact us at (702) 229-4700.

I certify that I have read and understood the terms of this program and declare under penalty of perjury, pursuant to Nevada law, that the foregoing information and documentation provided by me is true and correct.
