FOR IMMEDIATE RELEASE

Road Construction Under Way On Oakey Boulevard Between Rainbow Boulevard and Valley View Boulevard *Traffic Lane Restrictions To Continue Through May 21*

Construction of new roadway improvements on Oakey Boulevard between Rainbow Boulevard and Valley View Boulevard is under way. Traffic lane restrictions will continue for the next 10 weeks, through May 21.

Work hours are 7 a.m. to 4 p.m. Monday through Friday. Traffic generally will be restricted to one lane in each direction on Oakey.

Preliminary work was completed last year, consisting of improvements to sidewalk areas to meet federal Americans with Disabilities Act requirements. The current work consists of removal and reconstruction of deteriorated areas of pavement, full-width structural pavement mill and overlay with a structural wearing course, median island modifications and enhancements, traffic signal modifications, and installation of new traffic delineation. Vehicle lanes will be reconfigured and bicycle lanes will be installed on Oakey Boulevard.

Motorists are advised to use Charleston Boulevard as an alternate route.

Las Vegas Paving Corporation is the contractor. City of Las Vegas Department of Operations and Maintenance personnel are managing the project. Funding for this project is provided by the Regional Transportation Commission's Fuel Revenue Indexing tax.
