FOR IMMEDIATE RELEASE

## City To Host Fremont Eats Food Truck Extravaganza Saturday

*Food, Fun & Music at the Llama Lot Downtown On April 23*

The city of Las Vegas will welcome several food trucks to Fremont Eats on Saturday, April 23, from 7 p.m. to 1 a.m. at the Llama Lot, located at 910 E. Fremont St. This food truck party is taking place downtown at the parking lot owned by the Downtown Project and managed by city of Las Vegas Parking Services.

The event will include music and those visiting downtown are invited to stop by and enjoy the festivities and sample some of the city's best food truck fare.

The city of Las Vegas regulates food truck parking downtown and holds lotteries to determine the usage of spaces reserved for food trucks.

The city's parking plan is designed to provide excellent customer service; make parking easy to use; improve financial performance; support existing businesses by tailoring parking options for customers, employees and residents; and support new development by examining shared parking options, and creating flexibility for special events.

The city has a "one-stop-shop" for parking services in the City Hall parking garage at 500 S. Main St.
