

## City of Las Vegas Green Building Program Letter of Intent to Participate

This letter is to confirm my intent to design and construct or retrofit my home or building to the standards specified by the City of Las Vegas on the checklist below, using green building technologies and materials. The project address is

---

I have read and understand the City of Las Vegas Green Building Program's requirements and understand that I am to complete my building or project to the specified standards in order to receive incentives. I further understand that incentives are paid on a first come, first served basis as funds are available.
